SUMMARY

I am passionate about technology and have a solid foundation in full-stack development. Recently, I completed my Full Stack Web Developer course at Guvi, showcasing proficiency in both front-end and back-end development. I have hands-on experience in creating responsive and user-friendly web applications. A quick learner, I am committed to staying updated on emerging technologies. I am now seeking an opportunity to leverage my technical skills and enthusiasm for problem-solving to contribute effectively to a forward-thinking organization.

WORK EXPERIENCE

GUVI-IIT-RESEARCH PARK
Full Stack Developer-Learner
Aug 2023 - 2024 jan

- Proficient in front-end technologies such as HTML, CSS, and JavaScript, with hands-on experience in creating responsive and user-friendly web applications.
- Backend proficiency includes working with Node.js and Express, along with database management using MongoDB.
- During my learning period, I built several websites, including projects such as a Doctor Appointment system and a Guvi Dashboard
- I have also created my portfolio. If you would like to view the source code and deployment links for my projects, everything is available on my portfolio website. Feel free to check it out
